

Product Change Notification

Change Notification #: 119261-03

Change Title: Select Intel® Server Systems and
1100W AC Common Redundant Power Supply
AXX1100PCRPS,
PCN 119261-03, Product Discontinuance,
End of life
Reason for Revision: Alignment of PDA Milestones
to the dates reflected in PCN 119547-01

Date of Publication: June 06, 2023

Key Characteristics of the Change:

Product Discontinuance

Forecasted Key Milestones:

Product Discontinuance Program Support Begins:	May 05, 2023
Last Product Discontinuance Order Date:	June 30, 2023
Orders are Non-Cancelable and Non-Returnable After:	May 05, 2023
Last Product Discontinuance Shipment Date:	December 22, 2023

Description of Change to the Customer:

Reason for Revision: Alignment of PDA(Product Discontinuance Announcement) Milestones to the dates reflected in PCN 119547-01. This revision clarifies the conflict in the Milestones dates for the affected products, by matching the dates stated in PCN 119547-01.

In January 2023, more strict regulations will be applied in the European Union (EU) that specify that all power supplies must meet Titanium efficiency. The listed below power supply has Platinum efficiency, together with the server systems that include the power supply, they will not be able to be shipped to any country within the EU once the new regulations take effect. Therefore, due to these restrictions, Intel will shorten the discontinuance dates. Contact your local Intel Sales Office or Distributor if you are not in the EMEA region and need additional time to place a Last Time Buy order.

Intel will make best efforts to support all orders placed between the Non-Cancelable and Non-Returnable (NCNR) and the Last Product Discontinuance Order (LPDO) dates. Intel will discontinue builds on the LPDO date. After the LPDO date existing inventory is still orderable, under NCNR terms, and will be filled on a first come first served basis. Deliveries must be accepted within 90 days from the LPDO date.

Final purchase orders are non-cancelable and non-returnable, notwithstanding any conflicting terms in our quotes, purchase order acknowledgement or Distributor agreements. Intel reserves the right to change the products because of material source restriction.

Engineering and Support Guidance for Discontinued Products:

1. No new OS, peripheral or adaptor validation is planned during the extended life period. The THOL, supported processor and tested memory lists are frozen at PDA.
2. No new features enhancements should be expected, however ECOs may be required during the extended life period to maintain supply lines (e.g., to qualify new vendor due to a component EOL).
3. Intel will provide reasonable commercial efforts in debugging issues during the warranty period for the product after the PDA date has passed. Fixes cannot be committed, but Intel will endeavor to provide reasonable workarounds for the product.

Customer Impact of Change and Recommended Action:

Determine your remaining demand for this product and/or evaluate additional sources (if applicable).

Please contact your local Intel Sales Office or Distributor if you require more information or need assistance in selecting a replacement product.

Milestone dates are estimates and subject to change based on business and operational conditions.

Products Affected/Intel Ordering Codes:

Marketing Name	Product Code	Affected MM#	Recommended Replacement Product Code	Recommended Replacement MM#
1100W AC Common Redundant Power Supply AXX1100PCRPS (Platinum Efficiency), Single	AXX1100PCRPS	936183	AXX1300TCRPS	956542
Intel® Server System R1208WFTYSR, Single	R1208WFTYSR	986007	R1208WFTZSR	99AW7C
Intel® Server System R1304WF0YSR, Single	R1304WF0YSR	986047	R1304WF0ZSR	99AW7N
