Search PCN Database Overview

Intel® Quality Document Management System (QDMS)

The ‘Search PCN Database’ page provides two areas for search criteria

- Criteria dropdown values include: PCN Title, PCN#, Key Characteristic, Product Category, Abstract, Product Code, MM#, etc.

Search criteria can include any part of the desired search result

Example: “Abstract” search for a product discontinuance could include only the word “discontinuance”

Two results views are available

- Document Summary tab - provides a list of all documents meeting the search criteria
- Document by Parts tab - provides a list of documents with the related Intel part numbers
Enter a Date Range and Search criteria
✓ Date default = 6mos, expand range for more results
Each Search criteria will provide applicable dropdown selections
To view the PCN, click the PCN Number hyperlink displayed. This will open a PDF file that can be saved and/or printed.

Column headings can be clicked to re-sort the column in ascending or descending order.

An Excel spreadsheet or tab-delimited text file of the search results can be downloaded by clicking the desired link.
