Forecasted Key Milestones:

Date Customer Must be Ready to Receive Post-Conversion Material:	Oct 22, 2010
---	--------------

Description of Change to the Customer:

Intel has qualified a second vendor of the SAS/SATA cable to be included with the Intel® Integrated RAID Module RMS2MH080, RMS2AF080, RMS2AF040, RMS2LL080 and RMS2LL040. This second source vendor will be added to the Intel Approved Manufacturer List (AML) so either SAS/SATA cable may be shipped with the above products. The SAS/SATA cable from the second vendor looks nearly identical to the parts from the original vendor on the Intel Approved Manufacturer List. There may be texture and color differences with parts from the second source vendor, but the parts are function equivalent. Intel does not expect any impact to the customers that receive the SAS/SATA cable from the second source vendor.

The Attention Document for the Intel® Integrated RAID Module RMS2MH080 is updated from E89785-003 to E89785-005 to include the latest information.

The Attention Document for the Intel® Integrated RAID Module RMS2AF080, RMS2AF040, RMS2LL080 and RMS2LL040 is updated from E89785-004 to E89785-005 to include the latest information.

Customer Impact of Change and Recommended Action:

Intel does not foresee any adverse customer impact from these changes. Intel recommends that the customer perform a standard level of evaluation as updated product becomes available.
