[Reason for Revision: Update Post Change TA and PBA numbers.](#)

Date of Publication: September 19, 2018

Key Characteristics of the Change:

Product Design

Forecasted Key Milestones:

Date Customer Must be Ready to Receive Post-Conversion Material:	September 1, 2018
---	-------------------

Description of Change to the Customer:

Reason for Revision: Update Post Change TA and PBA numbers.

The Intel® Ethernet Converged Network Adapters listed in the affected products table below will undergo the following changes:

Firmware update:

1. Option ROM updated to match binaries included with Intel SW release 22.9
2. EEPROM updated with requisite version numbers to correspond with Option ROM

As a result of this change, the PBA (printed board assembly) and TA (top assembly) numbers will roll as noted in the affected products table within this PCN notice. If the PBA/TA numbers are printed on any product or box labels, those will show the PBA/TA dash roll as well.

Customer Impact of Change and Recommended Action:

This update has been fully tested, qualified and approved by Intel. Intel anticipates no impact to the customer. Please contact your local Intel Field Sales Rep if you have any further questions about these changes. Customers can expect to receive mixed inventory until current inventory levels are depleted.
