Description of Change to the Customer:

Intel is announcing the End of Life timeline for the Intel® SSD 520 Series.

The Intel® SSD 520 Series products listed on the "Products Affected/Intel Ordering Codes" table below will be discontinued and unavailable for additional orders after the "Last Product Discontinuance Order Date".

Customer Impact of Change and Recommended Action:

Intel will make commercially reasonable efforts to support last time order quantities. However, due to supply limitations, customer orders may be fulfilled from the Intel® SSD on 20nm Intel NAND product line. Please note: supply constraints may create situations where we are unable to support customer demand with available 25nm and 20nm products.

For applicable replacement product(s), customers should transition to the latest available Intel® Solid State Drive on 20nm Intel NAND or contact their field sales person.
