- Updating the box labels on the outer product packaging to add the new Korea Certification (KC) mark. The following is a picture of the new KC mark:

- Adding a label with the new KC mark and the manufacturing date (MMM YY) on the motherboard. The following picture is the example of the new label.

This KC mark change is for the new Korea Regulation Marking requirements on both the product and packaging box:

- New KC mark with unique certification number to be marked
- Human readable date information (month and year) to be marked
- Manufacturers Name to be marked
- Equipment Name to be marked
- Country of Origin to be marked

Customer Impact of Change and Recommended Action:

Customers may need to determine the need for changing of the KC marking on their products before they are exported to or sold in the Republic of Korea market.
