# Product Change Notification

**Change Notification #:** 113261 - 00  
**Change Title:** Intel® Solid-State Drive Data Center Family for PCIe\*  
DC P3700 (400/800GB, 1.6/2.0TB),  
DC P3600(400/800GB, 1.2/1.6/2.0TB)  
**PCN 113261-00**  
**Product Design**  
**Firmware Update**  
**Date of Publication:** September 29, 2014

**Key Characteristics of the Change:**  
Product Design

**Forecasted Key Milestones:**

<b>Date Customer Must be Ready to Receive Post-Conversion Material:</b>	Oct 17, 2014
---	--------------

**Description of Change to the Customer:**

Intel is upgrading the firmware version on the DC P3700 and P3600 Series from 1.00(8DV10100) to 1.02(8DV10102). The changes are incremental improvements from the previous version. For detail, please see the Intel® Solid-State Drive Data Center Tool Release Notes. The Intel SSD Data Center Tool will be available to perform the firmware update.

The Data Center Tool and release notes will be available at the below URL after October 6<sup>th</sup>. <https://www-ssl.intel.com/content/www/us/en/solid-state-drives/intel-ssd-dc-family-for-pcie.html>

Customers who wish to evaluate a pre-release copy of firmware revision 1.02 prior to October 6th can contact their Intel field representative.

**Customer Impact of Change and Recommended Action:**

Intel will attempt to deplete pre-conversion material before shipping post-conversion material but there is a possibility of Intel shipping mixed inventory. Therefore, customers will need to manage and migrate to the post-conversion material as soon as possible.

Milestone dates are estimates and subject to change based on business and operational conditions.
