

Product Change Notification

108329 - 01

Information in this document is provided in connection with Intel products. No license, express or implied, by estoppel or otherwise, to any intellectual property rights is granted by this document. Except as provided in Intel's Terms and Conditions of Sale for such products, Intel assumes no liability whatsoever, and Intel disclaims any express or implied warranty, relating to sale and/or use of Intel products including liability or warranties relating to fitness for a particular purpose, merchantability, or infringement of any patent, copyright or other intellectual property right. Intel products are not intended for use in medical, life saving, or life sustaining applications. Intel may make changes to specifications and product descriptions at any time, without notice.

Should you have any issues with the timeline or content of this change, please contact the Intel Representative(s) for your geographic location listed below. No response from customers will be deemed as acceptance of the change and the change will be implemented pursuant to the key milestones set forth in this attached PCN.

Product Change Notification

Change Notification #: 108329 - 01
Change Title: SRCSATAWB, PCN 108329-01, Product Design, CLASS 2: Correct Inconsistent Mechanical Dimensions, Update Resource CD Software and Documentation, Update Firmware to Version 1.12.122-0393 or Later, Reason for Revision: Change Default Cache Settings
Date of Publication: March 27, 2008

Key Characteristics of the Change:

Product Design

Forecasted Key Milestones:

Date Customer Must be Ready to Receive Post-Conversion Material:	May 02, 2008
Date of First Availability of Post-Conversion Material:	May 02, 2008

The date of "First Availability of Post-Conversion Material" is the projected date that a customer may expect to receive the Post-Conversion Materials. This date is determined by the projected depletion of inventory at the time of the PCN publication. The depletion of inventory may be impacted by fluctuating supply and demand, therefore, although customers should be prepared to receive the Post-Converted Materials on this date, Intel will continue to ship and customers may continue to receive the pre-converted materials until the inventory has been depleted.

Description of Change to the Customer:

Reason for Revision: Change Default Cache Settings

Correct or make consistent various mechanical dimensions of SRCSATAWB; connect the PCI-Express reset out to the I2C mux; change controller default cache settings to direct IO, adaptive read ahead, write back, and force write through when battery backup unit is missing, bad or under charging; update RAID controller firmware in the factory to 1.12.122-0393 or later; update attention document and resource CD contents to include the latest drivers, utilities, and documentation.

Customer Impact of Change and Recommended Action:

Customers may wish to perform testing and update their documentation.
