Product Change Notification

Change Notification #: 111073 - 00

**Change Title: Intel® Desktop Board D525MWV
Entry Level Desktop PC
PCN 111073-00, Product Material
Upgraded VGA connector to
improve connection with IO
connector**

Date of Publication: October 31, 2011

Key Characteristics of the Change:

Product Material

Forecasted Key Milestones:

Date Customer Must be Ready to Receive Post-Conversion Material:	Nov 11, 2011
---	--------------

Description of Change to the Customer:

The VGA connector is being changed to match the length of the other IO connectors.

The picture below shows the shorter length VGA connector (compared to the IO) connector and the new VGA connector with the same length as the IO connector.

Customer Impact of Change and Recommended Action:

This change has been thoroughly evaluated to ensure that there are no quality, reliability or functional implications to our customers. Intel is not recommending additional qualification of these changes on platforms received from Intel.

Intel will attempt to deplete pre-conversion material before shipping post-conversion material but there is a possibility of Intel shipping mixed inventory. Therefore, customers will need to manage and migrate to the post-conversion material as soon as possible.

For your information only. No change to form fit or function. No change to Intel Ordering codes.

Milestone dates are estimates and subject to change based on business and operational conditions.

Products Affected / Intel Ordering Codes:

Product Code	MM#	Pre Change AA	Post Change AA
BLKD525MWV	908014	E93081-401	E93081-402
LAD525MWV	908015	E93080-401	E93080-402
BLKD525MWVE	910438	E93081-401	E93081-402
