Last Product Discontinuance Shipment Date:	Jul 01, 2015

Description of Change to the Customer:

Reason for Revision: Extend the Last Order Date

Intel is announcing the End of Life of the Light Ridge C-0 product, inclusive of MM# 909815, 909816, 909825, & 909826

Customer Impact of Change and Recommended Action:

To accommodate extended transitions, Intel is extending the Last Order Date to December 1, 2014.

Customers should review their **final lifetime** demand forecasts and plan accordingly to place all orders by the Last Order Date, and plan for receipt of all shipments no later than shortly after the last ship date. Supply may be limited based on business conditions that may require either pull-in or extension of the LOD/LSD at Intel's sole discretion. All orders booked after this announcement are considered non-cancelable at Intel's discretion. There are replacement SKUs that are available, but may require customer requalification, so customers are encouraged to work closely with their local Intel Sales representatives to plan for a smooth transition.

Customers should review the Thunderbolt roadmap with their marketing contacts and find the appropriate current SKU. There is generally not a FFF drop-in replacement available for Light Ridge C0.
