Change Notification #: 118190-01
Change Title: Select Intel® Integrated RAID Controllers and Modules, **PCN118189-01, Product Discontinuance End of Life**
Reason for Revision: Add missing MM#
Date of Publication: July 09, 2021

Key Characteristics of the Change:

Product Discontinuance

Forecasted Key Milestones:

Product Discontinuance Program Support Begins:	June 24, 2021
Last Product Discontinuance Order Date:	April 06, 2022
Orders are Non-Cancelable and Non-Returnable After:	January 02, 2022
Last Product Discontinuance Shipment Date:	July 04, 2022

Description of Change to the Customer:

Reason for Revision: Add missing MM# 932473

Intel is announcing the discontinuance of the following RAID products:

Intel® RAID Controller RS3DC040
Intel® RAID Controller RS3SC008
Intel® RAID Controller RS3UC080
Intel® RAID Controller RS3UC080J
Intel® Integrated RAID Module RMS3CC040

Intel will make commercially reasonable efforts to support all orders placed between the Non-Cancelable and Non-Returnable (NCNR) and the Last Product Discontinuance Order (LPDO) dates above. Intel will discontinue builds on the LPDO date. After the LPDO date existing inventory is still orderable, under NCNR terms, and will be filled as Intel considers appropriate. Deliveries must be accepted within 90 days from the LPDO date

Final purchase orders are non-cancelable and non-returnable, notwithstanding any conflicting terms in our quotes, purchase order acknowledgement or Distributor agreements.

Intel reserves the right to change the products because of material source restriction.

Engineering and Support Guidance for Discontinued Products:

1. No new OS, peripheral or adaptor validation is planned during the extended life period. The THOL, supported processor and tested memory lists are frozen at PDA.
2. No new features enhancements should be expected, however ECOs may be required during the extended life period to maintain supply lines (e.g. to qualify new vendor due to a component EOL).
3. Intel will provide reasonable commercial efforts in debugging issues during the warranty period for the product after the PDA date has passed. Fixes cannot be committed, but Intel will endeavor to provide reasonable workarounds for the product.

Customer Impact of Change and Recommended Action:

Determine your remaining demand for this product and/or evaluate additional sources (if applicable).

Lead-times on products with announced product discontinuance can typically stretch to 12 weeks and volumes are not buffered during the PDA period. Please work with your Intel representative on your quarterly demand forecast in order to reduce lead-times to 2-4 Weeks.

Milestone dates are estimates and subject to change based on business and operational conditions.

Please contact your local Intel Sales Office or Distributor if you require more information or need assistance in selecting a replacement product.
