Product Change Notification

Change Notification #: 107662 - 00
Change Title: Intel PRO/100 S Server Adapter
(SouthBend OEM generic)

PCN 107662-00

Manufacturing Site

**Manufacturing Site Change from Suzhou,
People's Republic of China to Penang,
Malaysia and adding People's Republic of
China (PRC) Environmental Friendly Use
Period (EFUP) Label**

Date of Publication: July 6, 2007

Key Characteristics of the Change:

Manufacturing Site
Label

Forecasted Key Milestones:

Date Customer Must be Ready to Receive Post-Conversion Material:	June 22, 2007
---	---------------

Description of Change to the Customer:

The Intel PRO/100 S Server Adapter (SouthBend OEM generic) products, as shown in the affected products table within this PCN notification, will undergo the following changes:

Intel Corporation is consolidating the assembly of its Intel PRO Network Adapters into one contract manufacturing site. Adapters are currently manufactured in two Intel qualified facilities, one in Penang, Malaysia and one in Suzhou, People's Republic of China.

Intel will transfer and consolidate its adapter products into the Intel qualified facility located in Penang, Malaysia. The Penang facility was qualified in 2001 to manufacture adapter products, and it currently manufactures adapters with equivalent product technology.

There will be no change to the product except the location it is manufactured, and the identification that the product is now "Made in Malaysia" vs. the older "Made in China".

Intel will implement the following change due to the Peoples Republic of China (PRC) RoHS Regulatory requirements. Intel will add a PRC Environmental Friendly Use Period (EFUP) label on the Network Adapters:

- PRC requires this EFUP label for control of Pollution caused by Electronic Information Products.
- This EFUP label will be placed on the secondary side of the adapter, **as shown in the pictures below**, the EFUP label could be placed in a slightly different location based upon space constraints. This label will include a 10 year use period for all Desktop adapters, or a 20 year use period number for all Server adapters. SouthBend products are Server Adapters so they will have the 20 year use period number incorporated.
- The products shown in the Affected Products Table, within this PCN notification, will include this new EFUP label.

PRC EFUP 10 year label

PRC EFUP 20 year label

Please Note:

The EFUP label should have been added on the previously published PCN notice 107399-00, published on March 27, 2007. As a result of this missed label, we had to roll the TA and PBA numbers for a second time. You will notice on PCN 107399-00 that the TA/PBA numbers did roll, on this PCN notice 107662-00, you will notice that the TA/PBA numbers will roll for a second time. If you ordered this product after May 21, 2007, your product will reflect the 2nd and final versions of TA/PBA numbers. Intel never built or produced the 1st set of TA/PBA numbers, only the 2nd. We apologize to all of our customers for this error.

Customer Impact of Change and Recommended Action:

- There will be no change to Form, Fit or Function, except reference to the manufacturing location as mentioned above.
- The implementation date for all changes, on each SKU, will occur via a staggered implementation approach.
- The Customer Ready to Receive dates, per SKU, are noted within the Forecasted Key Milestone table within this PCN notification.
- Customers should expect to receive mixed inventory on all products, until current inventory levels are depleted.

PCN 107399-00 Old/New TA/PBA numbers, this product was never built or produced by Intel:

Products Affected / Intel Ordering Codes:

Product Name	Product Code	Affected MM#	Old TA#	New TA#	Old PBA#	New PBA#
PRO/100 S Server Adapter, (SouthBend II 0DES OEM Generic)	PILA8470D0G1P20	839561	A70986-004	A70986-005	A70564-004	A70564-005
PRO/100 S Server Adapter, (SouthBend II 3DES OEM Generic)	PILA8470D3G1P20	835046	A52713-004	A52713-005	A43917-005	A43917-006
PRO/100 S Server Adapter, (SouthBend II 3DES OEM Generic Low Profile)	PILA8470D3G1L20	835041	A52714-004	A52714-005	A44064-004	A44064-005

PCN 107662-00 will roll the TA/PBA numbers again to add the EFUP label:

Products Affected / Intel Ordering Codes:

Product Name	Product Code	Affected MM#	Old TA#	New TA#	Old PBA#	New PBA#
