

# Product Change Notification

**Change Notification #:** 114280 - 00  
**Change Title:** **Boxed Intel® NUC Kit NUC5PPYH, PCN 114280-00, Product Design, Product Material, Product Marking BIOS and Accessory Kit update**  
**Date of Publication:** **December 21, 2015**

## Key Characteristics of the Change:

Product Design, Product Material, Product Marking

## Forecasted Key Milestones:

<b>Date Customer Must be Ready to Receive Post-Conversion Material:</b>	Jan 04, 2016
---	--------------

## Description of Change to the Customer:

The Intel® NUC Kit NUC5PPYH SKU listed in the products affected table will have the following changes.

1. The BIOS will be updated from PY031 to PY043 for Windows 10\* support and boot enhancement. To access the release notes or get a copy of the BIOS for evaluation, go to <http://downloadcenter.intel.com>.
2. The accessory Kit will have the following changes:
  - Include WLAN screw
  - HDD Bracket and shielding
  - Barcode for accessories

## Customer Impact of Change and Recommended Action:

It is recommended that customers evaluate this new BIOS to ensure a smooth transition. Intel validation of a new board revision does not include testing with older versions of BIOS. This change is not expected to cause a change to the Microsoft Windows\* operating system's software driver stack.

These changes have been evaluated to ensure that there are no quality, reliability or functional implications to our customers. Intel is not recommending additional qualification of these changes on platforms received from Intel.

Intel will attempt to deplete pre-conversion material before shipping post-conversion material but there is a possibility of Intel shipping mixed inventory. Therefore, customers will need to manage and migrate to the post-conversion material as soon as possible.

Milestone dates are estimates and subject to change based on business and operational conditions.
