Description of Change to the Customer:

Intel has qualified a second vendor of the chassis sheet metal and plastic chassis parts to be included with the Intel® Server Chassis SC5299-E, and SC5400. This second source vendor will be added to the Intel Approved Manufacturer List (AML) so either set of chassis parts may be shipped with the above chassis product. The chassis parts from the second vendor look nearly identical to the parts from the original vendor on the Intel Approved Manufacturer List. There may be very slight texture and color differences with parts from the second source vendor but the parts are fit and function equivalent.

Customer Impact of Change and Recommended Action:

Intel does not expect any impact to the customers that receive chassis parts from the second source vendor
