Customer Impact of Change and Recommended Action:

The addition of labels or changes to the labels does not affect the functionality of the product. Customer should be aware of these changes and take any actions so as to not impact their receiving and integration of product with the new labels. Customer should review the updated regulatory documentation as needed for any impact to country regulatory requirements.

It is recommended that customers evaluate this new Embedded Controller Firmware to ensure a smooth transition. This change has been thoroughly evaluated to ensure that there are no known quality or reliability implications to our customers.

Milestone dates are estimates and subject to change based on business and operational conditions.

Customer can expect to receive mixed inventory until current inventory levels are depleted.

Please contact your local Intel Field Sales Rep if you have any further questions about these changes.
