Product Change Notification

Change Notification #: 109354 - 01
Change Title: DG31PR, PCN 109354-01, Product Design, BIOS update and added additional component to support manufacturability, Reason for Revision: Revised implementation date to reflect pulled in cut-over
Date of Publication: April 25, 2009

Key Characteristics of the Change:

Product Design

Forecasted Key Milestones:

Date Customer Must be Ready to Receive Post-Conversion Material:	May 10, 2009
---	--------------

Description of Change to the Customer:

As part of Intel's continuing commitment to enhance product quality and enhance manufacturability, an additional LAN component from the same vendor will be added to DG31PR.

Body markings of existing and additional LAN component are shown below.

An updated BIOS PRG3110H.86A.0065 has also been released to support the new LAN component. Customers receiving post conversion material should not downgrade board BIOS to prior version as LAN functionality could be impacted.

Please refer to the release notes posted at:
<http://developer.intel.com/products/motherboard/DG31PR/tools.htm>

Existing LAN component: xxxx**C**

Additional LAN component: xxxx**B**

Customer Impact of Change and Recommended Action:

This change has been thoroughly evaluated to ensure that there is no quality, reliability or functional impact to our customers. Intel is not recommending additional qualification of these changes on platforms received from Intel.
