Description of Change to the Customer:

Intel has qualified a second vendor of the CPU heatsink to be included with the Intel® Server System SR1530SH/SR1530HSH. This second source vendor will be added to the Intel Approved Manufacturer List (AML) so either CPU heatsink may be shipped with the above products. The CPU heatsink from the second vendor looks nearly identical to the parts from the original vendor on the Intel Approved Manufacturer List. There may be texture and color differences with parts from the second source vendor, but the parts are fit & function equivalent. Intel does not expect any impact to the customers that receive CPU heatsinks from the second source vendor.

Customer Impact of Change and Recommended Action:

Intel does not foresee any adverse customer impact from the change. Customers may want to perform a standard level of evaluation as updated product becomes available.
