# Product Change Notification

<b>Change Notification #:</b>	<b>110933 - 00</b>
<b>Change Title:</b>	<b>Intel PRO/1000 PT Quad Port LP Server Adapters, EXPI9404PTLBLK MM#884311, EXPI9404PTL MM#884309 (Kirkwood LP Retail)</b>  <b>PCN 110933-00</b>  <b>Label Software</b>  <b>Updating KCC (Korean Communications Commission) logo to the new KC logo on PB (printed board) and all box labels, OUI Block change and Software CD change</b>
<b>Date of Publication:</b>	<b>Aug 12, 2011</b>

## Key Characteristics of the Change:

Label

Software

## Forecasted Key Milestones:

<b>Date Customer Must be Ready to Receive Post-Conversion Material:</b>	Aug 17, 2011
---	--------------

## Description of Change to the Customer:

The Intel PRO/1000 PT Quad Port LP Server Adapters, EXPI9404PTLBLK MM#884311, EXPI9404PTL MM#884309 (Kirkwood LP Retail) will undergo the following changes:

To comply with new regulations from Korea, Intel will be adding the new KC logo to the Printed Board (PB) as a label. The label will be added to either the front or the back of the PB depending on space constraints. The new KC logo will also be added to all box labels (product box label and over-pak box label). **(see pictures 1, 3 & 4)**

The old silk screened KCC logo will remain on the PB (either front or back). We cannot cover this logo up with the new KC label, as it would interfere with other markings. **(see picture #2)**

As a result of these changes, the TA (top assembly) number and PBA (printed board assembly number) will roll as noted in the affected products table within this PCN notice. If TA/PBA numbers are printed on any product or box labels, those will show the dash roll as well.

Picture 1 showing old KCC logo and new KC logo.

Picture 2 showing the old KCC logo, which will remain on the PB.  
(picture 2 example only)

Picture 3 showing the new KC label, which will be placed on the PB as a label. The KC label will contain; Date of Manufacture, Made in Country of Origin (COO) and a unique Product Identification number.  
(picture 3 example only)

Date of Manufacture, Made in COO, Product Identification number

Picture 4 showing new KC logo on box label. The box label already contains the Made in Country of Origin (COO) and the Date of Manufacture, this information will also show on the KC label.

New KC logo, Date of Manufacture, Product Identification number, Made in COO (Picture 4, all of the information showing in Picture 4 is for example only and may not reflect actual data)

**OUI Block change:**

Recent increases in run rates of these products have caused the available blocks of MAC addresses assigned to run out sooner than anticipated. The OUI Block 00-1B-21 has hit the low water mark. The new OUI Block will be A0-36-9F.

**3n1 label change:**

The 3n1 label will change to reflect the new OUI Block number and new PBA# revision, as show in the picture below. The 3n1 label is placed on the Front side of the Printed Board.

3n1 Label (picture of label is an example only), new OUI number will be 90-E2-BA and the new PBA number is noted within the affected products table within this PCN notice.

**Software CD change:**

As part of Intel's efforts in environmental responsibility, Intel will no longer include a software CD in the box with the Intel® PRO/1000 PT Quad Port Low Profile Server Adapter, Retail version.

Because of the rapid pace of technology, the software on the CD is usually out of date before the adapter is sold. Drivers that enable basic functionality are included with most operating systems and the latest software, drivers, and documentation are available for download.

Intel will now be including the following flyer within the Retail adapter box, instead of the Software CD:

**G36756-001**

**As part of Intel's efforts in environmental responsibility,  
a CD is no longer included in the box with this adapter.  
Download the latest drivers, software, and documentation at  
<http://downloadcenter.intel.com/>**

**关于符合中国《电子信息产品污染控制管理办法》的声明  
Management Methods on Control of Pollution From  
Electronic Information Products  
(China RoHS declaration)**

**产品中有毒有害物质的名称及含量**

部件名称	有毒有害物质或元素					
	铅 (Pb)	汞 (Hg)	镉 (Cd)	六价铬 (Cr(VI))	多溴联苯 (PBB)	多溴二苯醚 (PBDE)
印刷板组件	×	○	○	○	○	○

○：表示该有毒有害物质在该部件所有均质材料中的含量均在 SJ/T 11363-2006 标准规定的限量要求以下。  
×：表示该有毒有害物质至少在该部件的某一均质材料中的含量超出 SJ/T 11363-2006 标准规定的限量要求。

Download the latest drivers, software, and documentation at <http://downloadcenter.intel.com/>.

## Customer Impact of Change and Recommended Action:

Please contact your local Intel Field Sales Representative if you have any further questions about these changes.

Customers can expect to receive mixed inventory, until current inventory levels are depleted.

The addition of the new KC logo to the PB and box labels will not affect the Form, Fit or Function of the affected product(s).

**Please Note:** *Due to the complexity of these changes (KCC logo) to all of our shipping Networking Adapter products and current inventory levels, customers might expect to see a shortened time period between date of PCN publication and Customer Ready to Receive Date.*

## Products Affected / Intel Ordering Codes:

Product Name	Product Code	MM#	OLD TA	New TA	OLD PBA	New PBA
Intel PRO/1000 PT Quad Port LP Server Adapter (Kirkwood LP Retail)	EXPI9404PTL	884309	D61276-008	D61276-009	D64202-007	D64202-008
