**Date Customer Must be Ready to Receive Post-Conversion Material:** May 05, 2017

## Description of Change to the Customer:

The Intel® Dual Band Wireless-AC 8260 SKUs listed in the products affected table will have the following changes.

As a result of changes decreed by the new European Radio Equipment Directive 2014/53/EU, Intel is making the following updates to all products.

1. The current CE ! Mark on the module label will be modified to remove the Alert Symbol (!) following the CE mark.
2. We will be adding 2 graphics to the outer packaging to be visible by EU customs.
  - a. A new CE graphic:
  - b. The Intel Corporate address

The Artwork for outer packaging has not been finalized by the EU at this time. As a result Intel may need to initiate these out packaging additions in 2 phases.

Phase 1: separate labels will be created and added to the side of the outer box.

Phase 2: Intel will incorporate into the existing out box labels.
