Change Title: Intel® Itanium®2 (Montvale and Montecito),
PCN 108304-00, Product Marking, Product
Branding Removal of "2" from Part Brand
Date of Publication: February 2, 2008

Key Characteristics of the Change:

Product Marking – Product Branding, Changes the marking on the topside of the part

Forecasted Key Milestones:

Date Customer Must be Ready to Receive Post-Conversion Material:	Mar 2, 2008
---	-------------

Description of Change to the Customer:

In order to comply with our new branding strategy, the products listed in the Products Affected table below will undergo a part mark change. The part will no longer be marked with Intel® Itanium®2 but will now be marked Intel® Itanium®, please see diagrams below. There are no other changes to the part; this is a mark change only.

Current Mark

New Mark

Customer Impact of Change and Recommended Action:

The Intel® Itanium® Processors topside mark change will be visible to the customer. Intel does not anticipate any performance, quality, reliability, interchangeability, functionality, customer handling, or manufacturability differences as a result of this mark change.

Product Codes and Material Master Numbers (MM#) for existing products will not change. Customers do not have to change any ordering information. Material master numbers affected by this change are listed in the affected products table of this PCN notification

There may be a transition period where parts marked with the current and new mark will ship simultaneously. Both product markings are valid and customers should continue to accept either.

Customers may want to notify their receiving and incoming inspection departments of this change.
