Change Notification #: 118443-00
Change Title: Select Intel® Ethernet Controller I350 products, PCN 118443-00, Product Material, Minor Change: Qualifying Second Source Substrate Supplier
Date of Publication: August 18, 2021

Key Characteristics of the Change:

Product Material

Forecasted Key Milestones:

Date Customer Must be Ready to Receive Post-Conversion Material:	September 01, 2021
Date of First Availability of Post-Conversion Material:	September 01, 2021
Date of Qualification Data Availability:	August 18, 2021

The date of "First Availability of Post-Conversion Material" is the projected date that a customer may expect to receive the Post-Conversion Materials. This date is determined by the projected depletion of inventory at the time of the PCN publication. The depletion of inventory may be impacted by fluctuating supply and demand, therefore, although customers should be prepared to receive the Post-Converted Materials on this date, Intel will continue to ship and customers may continue to receive the pre-converted materials until the inventory has been depleted.

Description of Change to the Customer:

To ensure uninterrupted supply of materials, Intel is qualifying a second source substrate supplier Nanya.

Background: Intel® Ethernet Controller I350 substrate vendor UMTC is EOL-ing production line. In order to ensure continued production of Intel® Ethernet Controller I350 we are qualifying another substrate vendor Nan Ya Technologies (Nanya).

Both suppliers have been certified and passed the Intel qualification process.

The Intel® Ethernet Controller I350 SKUs listed in the products "affected table" below will exhibit substrate supply from either vendor.

Customer Impact of Change and Recommended Action:

Intel considers this change a Minor Change and anticipates no impact to customers. No new Intel part number will be created for the additional supplier and mixing of substrate materials between suppliers will be allowed as there is no difference in the visual appearance or quality of the additional supplier.

Please see your Intel Representative with any questions or concerns.
