## Description of Change to the Customer:

### Reason for Revision: P4500 Product Discontinuance Clarification

There were some mixed messages on PCN110900-00 on which part was being discontinued for P4500 and Intel would like to confirm that Product Discontinuance of P4500 MM#904407 is correct in product table. For Embedded customers there is no change to support for P4500 MM#908002. Please adjust your records accordingly.

Market demand for the products listed in the "Products Affected/Intel Ordering Codes" table below have shifted to other Intel® products. The products identified in this notification will be discontinued and unavailable for additional orders after the "Last Product Discontinuance Order Date" (see "Key Milestones" above).

### Customer Impact of Change and Recommended Action:

Please determine your remaining demand for these products and place your "Last Product Discontinuance Orders" in accordance with the "Key Milestones" listed above. The tray products listed on the "Products Affected/Intel® Ordering Codes" table below will remain on Intel's Corporate Assurance Process until the "Last Product Discontinuance Order Date." "Finalize Discontinuance Assurance" is the date that customers must submit a sales order or Memorandum of Understanding

(MOU) to hold the discontinued product assurance they have requested. The "Last Corporate Assurance Product Critical Date" is the last date that customers may submit a request for product utilizing Intel's Corporate Assurance Critical Process. From date of PCN publication, interim booking and turn back deadlines or separate Letter Agreements will apply vs. the standard Corporate Assurance Process. The "Last Product Discontinuance Order Date" is the final day for customers to book the Assurance Intel® has granted after the "Last Corporate Assurance Product Critical Date."
