

# Product Change Notification

## 110239 - 00

Information in this document is provided in connection with Intel products. No license, express or implied, by estoppel or otherwise, to any intellectual property rights is granted by this document. Except as provided in Intel's Terms and Conditions of Sale for such products, Intel assumes no liability whatsoever, and Intel disclaims any express or implied warranty, relating to sale and/or use of Intel products including liability or warranties relating to fitness for a particular purpose, merchantability, or infringement of any patent, copyright or other intellectual property right. Intel products are not intended for use in medical, life saving, or life sustaining applications. Intel may make changes to specifications and product descriptions at any time, without notice.

Should you have any issues with the timeline or content of this change, please contact the Intel Representative(s) for your geographic location listed below. No response from customers will be deemed as acceptance of the change and the change will be implemented pursuant to the key milestones set forth in this attached PCN.

# Product Change Notification

**Change Notification #:** 110239 - 00  
**Change Title:** **Boxed Intel® Desktop Board D425KT, Entry Level Desktop PC, Boxed Intel® Desktop Board D425KT, Entry Level Desktop PC, 10 Pack, Intel® Desktop Board D425KTW, Entry Level Desktop PC, PCN 110239-00, Documentation, Product Design, BIOS update and two component changes (see Description of Change for details)**  
**Date of Publication:** September 24, 2010

## Key Characteristics of the Change:

Product Design

## Forecasted Key Milestones:

<b>Date Customer Must be Ready to Receive Post-Conversion Material:</b>	Oct 12, 2010
---	--------------

The date of "First Availability of Post-Conversion Material" is the projected date that a customer may expect to receive the Post-Conversion Materials. This date is determined by the projected depletion of inventory at the time of the PCN publication. The depletion of inventory may be impacted by changes to supply and demand, therefore, although customers should be prepared to receive the Post-Converted Materials on this date, Intel will continue to ship and customers may continue to receive the pre-converted materials until the inventory has been depleted.

## Description of Change to the Customer:

Intel has implemented the following changes:

1. BIOS update to MWPNT10N.86A.0069. To access the release notes or get a copy of the BIOS for evaluation, go to <http://downloadcenter.intel.com>.
2. Change HCB13 cap from 22uF to 100uF.
3. CKL2 stuffed 600ohm/500mA Ferrite Bead.

## Customer Impact of Change and Recommended Action:

It is recommended that customers evaluate this new BIOS to ensure a smooth transition. This change has been thoroughly evaluated to ensure that there are no quality or reliability implications to our customers. Intel validation of a new board revision does not include testing with older versions of BIOS. This change is not expected to cause a change to the Microsoft Windows\* operating system's software driver stack.

## Products Affected / Intel Ordering Codes:

Product Code	MM#	Pre Change AA	Post Change AA
BOXD425KT	908006	E93083-300	E93083-301
BLKD425KT	908008	E93083-300	E93083-301
LAD425KT	908009	E93084-300	E93084-301
LAD425KTW	908010	E93085-300	E93085-301
