Description of Change to the Customer:

Intel has qualified a second vendor of the sheet metal and plastic parts to be included with the Hot-swap SATA/SAS Backplane Assemblies AXX4DRV3G, AXX4DRV3GEXP, AXX6DRV3G, and AXX6DRV3GEXP. This second source vendor will be added to the Intel Approved Manufacturer List (AML) so either set of backplane assembly parts may be shipped with the above backplane products. The backplane assembly parts from the second vendor look nearly identical to the parts from the original vendor on the Intel Approved Manufacturer List. There may be very slight texture and color differences with parts from the second source vendor but the parts are fit and function equivalent.

Customer Impact of Change and Recommended Action:

Intel does not expect any impact to the customers that receive backplane assembly parts from the second source vendor.
