

Product Change Notification

109841 - 01

Information in this document is provided in connection with Intel products. No license, express or implied, by estoppel or otherwise, to any intellectual property rights is granted by this document. Except as provided in Intel's Terms and Conditions of Sale for such products, Intel assumes no liability whatsoever, and Intel disclaims any express or implied warranty, relating to sale and/or use of Intel products including liability or warranties relating to fitness for a particular purpose, merchantability, or infringement of any patent, copyright or other intellectual property right. Intel products are not intended for use in medical, life saving, or life sustaining applications. Intel may make changes to specifications and product descriptions at any time, without notice.

Should you have any issues with the timeline or content of this change, please contact the Intel Representative(s) for your geographic location listed below. No response from customers will be deemed as acceptance of the change and the change will be implemented pursuant to the key milestones set forth in this attached PCN.

Product Change Notification

Change Notification #: 109841 - 01

Change Title: Intel Gigabit ET Dual Port Server Adapters (Portville DT OEM generic/Retail), Intel Gigabit ET Quad Port Server Adapters (Portville QT OEM generic/Retail) & Intel Gigabit EF Dual Port Server Adapters (Lunaville OEM generic/Retail)

PCN 109841-01

Label

Add Authentication Label

Reason for Revision: To add correct product description to the first paragraph of the Description of Change to the Customer.

Date of Publication: February 18, 2010

Key Characteristics of the Change:

Label

Forecasted Key Milestones:

Date Customer Must be Ready to Receive Post-Conversion Material:	Mar 05, 2010
---	--------------

Reason for Revision: To add correct product description to the first paragraph of the Description of Change to the Customer.

Description of Change to the Customer:

The Intel Gigabit ET Dual Port Server Adapters (Portville DT OEM generic/Retail), Intel Gigabit ET Quad Port Server Adapters (Portville QT OEM generic/Retail) & Intel Gigabit EF Dual Port Server Adapters (Lunaville OEM generic/Retail) will undergo the following changes:

To ensure that the Intel product you purchase meets the stringent quality and reliability standards that you have come to expect, Intel is implementing an authentication label for our Ethernet Adapter products. This label will provide you with on-demand validation and manufacturing information about your product. When you receive product with this new authentication label, you will be able to verify that you have a genuine Intel product by going to <http://verify.yottamark.com/>.

This authentication label will be placed on the secondary side of the printed board, see sample authentication label picture below. (example only)

YottaMark web site:

A screenshot of the YottaMark website's verification page. The browser address bar shows "http://verify.yottamark.com/". The page features the YottaMark logo at the top. The main heading is "Verify Your Code". Below this, a welcome message states: "Welcome! The manufacturer of the product in your hands has provided you access to this site to verify your product's authenticity." To the right, a list of instructions reads: "Just follow these simple steps: 1. Enter your postal code (if available), 2. Enter your 24-digit label code, 3. Submit and get a response instantly". The central form has two input fields: "Postal Code (if available)" and "Enter your YottaMark Code". A blue "Trace" button is positioned to the right of the second field. A link for "Need more help?" is located below the form. At the bottom, there are links for "YottaMark | Contact Us | Terms of Use | Privacy Policy" and a copyright notice: "© Copyright 2005-2009 YottaMark, Inc. HarvestMark is the fresh food traceability solution from YottaMark. All rights reserved. Various trademarks held by their respective owners."

The Top Assembly (TA) and Printed Boards Assembly (PBA) numbers will also roll, as noted in the affected products table within this PCN notification.

Customer Impact of Change and Recommended Action:

Customers can expect to receive mixed inventory until current inventory levels are depleted.

This new label does not affect the Form, Fit or Function of the affected product(s). This is only a label to help our customers ensure they have received a genuine Intel product.
