Description of Change to the Customer:

The Intel® Gigabit CT Desktop Adapter and Intel® Gigabit CT2 Desktop Adapter - HF (Shelter Island II) Retail/OEM generic SKUs will undergo the following changes:

1. The China "EU" RoHS flyer in the overpack box will be updated to meet an EU ROHS recast, now officially called ROHS 2, that goes into effect as of 1/1/2013. In this recast, there is a requirement to include the single point of contact address label for items requiring the "CE" mark.

G70604-002

As part of Intel's efforts to be environmentally responsible,
 a CD is no longer included in the box with this adapter.

2. Intel Corp is standardizing packaging label formats across the corporation. This will facilitate easier receiving for the end customer. Intel will begin implementation of UPC and EAN (European Article Number) codes on the product outer case labels. The online product catalog (ARK) will be updated with the new UPC & EAN info. A new line of text will be added that states either:

- Product is individually labeled for resale.
- Product is not individually labeled for resale.

Additional fields are being added to display the outer case UPC and EAN codes for overall carton quantity. New UPC codes for individual boxes are also being added. 2D matrix label will be added for easier product information scanning.

Customers should be aware that UPC and EAN codes on the outer case carton labels will be changed and that they may need to update their incoming receiving operations. Customers may receive both current and new inventory as the implementation occurs.

- As a result of these changes, the TA (top assembly) numbers will roll as noted in the affected products table within this PCN notice. If the TA numbers are printed on any product or box labels, those will show the TA dash roll as well.

Customer Impact of Change and Recommended Action:

Customers can expect to receive mixed inventory until current inventory levels are depleted.

Intel anticipates no impact to the customer.

Please contact your local Intel Field Sales Representative, if you have any further questions about this change.
