# Product Change Notification

**Change Notification #:** 113630 - 00

**Change Title:** Select Intel® Pentium® Processors, Intel® Xeon® Processors, Intel® Celeron® Processors and Intel Core™ Processors, PCN 113630-00, Transport Media, Tray Change for Haswell 37.5x37.5mm LGA Products

**Date of Publication:** April 1, 2015

**Key Characteristics of the Change:**

Transport Media

**Forecasted Key Milestones:**

<b>Date Customer Must be Ready to Receive Post-Conversion Material:</b>	May 4, 2015
---	-------------

*The depletion of inventory may be impacted by fluctuating supply and demand, therefore, although customers should be prepared to receive the Post-Converted Materials on this date, Intel will continue to ship and customers may continue to receive the pre-converted materials until the inventory has been depleted.*

**Description of Change to the Customer:**

Intel will be changing the shipping tray for selected Haswell LGA products packaged in trays with the dimensions 37.5x37.5mm. There are no ‘critical to function’ tray dimensional changes in the new tray, the existing dimensions for the individual processor “cavity” will not change. The current and the new trays will have different end tab heights. Also, the current and new trays will be in different colors and they will not be able to stack together. See images below of tray changes.

Process Factor	Current	New
Intel P/N	500038991	500212706
Tray Color	Black & White 	Dark Grey 
Tray end tab height	10.16mm 	6.35mm 

### Customer Impact of Change and Recommended Action:

Customers will see a difference in the color and also in the end tab heights of the current and new trays. The new tray will have no 'critical to function' tray dimensional changes. Customer will also not be able to stack the current and new trays together.

Customers may continue to receive both tray types until current inventory is depleted. During the transition period, customers may see more than one partial box per shipment because the two trays cannot be combined in one box.

Please contact your Intel Field Sales Representative with any questions, requests or concerns.
