Product Change Notification

Change Notification #: 110571 - 00
Change Title: Boxed Intel® Desktop Board D510MO, Boxed Intel® Desktop Board D510MO, 10 Pack, Intel® Desktop Board D510MO, Intel® Desktop Board D510MOV, LVDS, PCN 110571-00, Product Material, Added alternate part for SPI Flash and Updated the BIOS
Date of Publication: April 01, 2011

Key Characteristics of the Change:

Product Material

Forecasted Key Milestones:

Date Customer Must be Ready to Receive Post-Conversion Material:	Apr 22, 2011
---	--------------

Description of Change to the Customer:

Intel has implemented the following changes:

1. Added an alternate part for the Serial Peripheral Interface (SPI) flash, Winbond W25Q80BVSSIG.
2. Updated BIOS to version MOPNV10N.86A.0516 to support alternate SPI flash part. To access the release notes or get a copy of the BIOS for evaluation, go to <http://downloadcenter.intel.com>.

Customer Impact of Change and Recommended Action:

It is recommended that customers perform a thorough evaluation of the BIOS change to ensure a smooth transition. New board revisions cannot be downgraded to an older BIOS version. All changes have been thoroughly evaluated to ensure that there are no quality or reliability implications to our customers. Intel validation of a new board revision does not include testing with older versions of BIOS. These changes are not expected to cause a change to the Microsoft Windows* operating system's software driver stack
