# Product Change Notification

**Change Notification #:** 110218 - 01  
**Change Title:** **Boxed Intel® Desktop Board D510MO, Nettop, Boxed Intel® Desktop Board D510MO, Nettop, 10 Pack, Intel® Desktop Board D510MO, Nettop, Intel® Desktop Board D510MOV, Nettop, LVDS, PCN 110218-01, Product Design, PCB change for new Vreg controller, Reason for Revision: PCN cancelled due to supply line readiness**  
**Date of Publication:** **November 29, 2010**

## Key Characteristics of the Change:

Product Design

## Forecasted Key Milestones:

<b>Date Customer Must be Ready to Receive Post-Conversion Material:</b>	Nov 15, 2010
-------------------------------------------------------------------------	--------------

## Description of Change to the Customer:

### Reason for Revision: PCN cancelled due to supply line readiness

The date of "First Availability of Post-Conversion Material" is the projected date that a customer may expect to receive the Post-Conversion Materials. This date is determined by the projected depletion of inventory at the time of the PCN publication. The depletion of inventory may be impacted by changes to supply and demand, therefore, although customers should be prepared to receive the Post-Converted Materials on this date, Intel will continue to ship and customers may continue to receive the pre-converted materials until the inventory has been depleted.

Intel has implemented the following change:  
The PCB has been changed and a new Vreg controller is being used.

## Customer Impact of Change and Recommended Action:

This change has been thoroughly evaluated to ensure that there are no quality or reliability implications to our customers. Intel validation of a new board revision does not include testing with older versions of BIOS. This change is not expected to cause a change to the Microsoft Windows\* operating system's software driver stack.
