# Product Change Notification

**Change Notification #:** 112446 - 00  
**Change Title:** Intel® Server System R2208LT2HKC4 and R2304LH2HKC  
PCN 112446-00, Product Design  
New Rail Kit  
**Date of Publication:** July 19, 2013

## Key Characteristics of the Change:

Product Design

## Forecasted Key Milestones:

* <b>Date Customer Must be Ready to Receive Post-Conversion Material:</b>	Immediately
---	-------------

\* Intel appreciates the customer's desire to receive the latest revision of products. However, Intel manages inventory on a first in first out (FIFO) basis at the MM# level. Subsequently, customer requests for a specific revision of material (below the MM#) will not be supported by Intel.

## Description of Change to the Customer:

Intel will implement the following changes on Intel® Server System R2000LH2L and R2000LT2 product family:

- Due to the slide and extension limitation of the extended value rail AXXELVRAIL, the rail kit has been upgraded to the premium rail AXXPRAIL.
- Intel® Server Rail Kit AXXPRAIL allows the server to be fully extended in the server rack while supporting the system weight of 65lbs. The extended position allows the top cover to be removed in order to allow hotswapping of system fans while in the rack.

## Customer Impact of Change and Recommended Action:

Intel recommends that the customer perform a standard level of evaluation. Customers can download and evaluate the latest software package at <http://www.intel.com/support>, when available.

## Products Affected / Intel Ordering Codes:

Product Code	MM#	Pre Change TA	Post Change TA
R2208LT2HKC4	919479	G45890-006	G45890-007
R2304LH2HKC	919482	G46168-006	G46168-007

## PCN Revision History:

<b>Date of Revision:</b> July 19, 2013	<b>Revision Number:</b> 00	<b>Reason:</b> Originally Published PCN
