4. For the Serial Number label on the chassis
 Updating the Serial Number label on the chassis to add the manufactured (MMM YY) date code
 The following is a sample picture of the old Serial Number label:

The following is a sample picture of the new Serial Number label:

This KC mark change is for the new Korea Regulation Marking requirements on both the product and packaging box:

1. New KC mark with unique certification number to be marked
2. Human readable date information (month and year) to be marked
3. Manufacturers Name to be marked
4. Equipment Name to be marked
5. Country of Origin to be marked

Customer Impact of Change and Recommended Action:

Customers may need to determine the need for changing of the KC marking on their products before they are exported to or sold in the Republic of Korea market.
