Product Change Notification

Change Notification #: 110990 - 00
Change Title: Intel® Desktop Board DP67BA, Media, Boxed and Bulk
PCN 110990-00, Product Material, Product Design
Change iTE PCIe to PCI bridge stepping and BIOS Update
Date of Publication: September 23, 2011

Key Characteristics of the Change:

Product Material and Product Design

Forecasted Key Milestones:

| | |
|---|--------------|
| Date Customer Must be Ready to Receive Post-Conversion Material: | Oct 10, 2011 |
|---|--------------|

Description of Change to the Customer:

Intel has implemented the following changes:

1. The iTE PCIe-to-PCI bridge controller (at reference designator location IU4A) will be changed from the C version to E version to improve compatibility.
2. The BIOS will be updated from BAP6710H.86A.0055 to BLH6710H.86A.0070. To access the release notes or get a copy of the BIOS for evaluation, go to <http://downloadcenter.intel.com>.

Customer Impact of Change and Recommended Action:

The iTE PCIe-to-PCI bridge reports a "New device detected" in some operating systems. Microsoft* Windows will display a message and automatically install the necessary drivers; however customers may wish to update their OS image to avoid the message.

It is recommended that customers evaluate this new BIOS to ensure a smooth transition. New board revisions cannot be downgraded to an older BIOS version. Intel validation of a new board revision does not include testing with older versions of BIOS. This change is not expected to cause a change to the Microsoft Windows* operating system's software driver stack.

These changes have been thoroughly evaluated to ensure that there are no quality, reliability or functional implications to our customers. Intel is not recommending additional qualification of these changes on platforms received from Intel.

Intel will attempt to deplete pre-conversion material before shipping post-conversion material but there is a possibility of Intel shipping mixed inventory. Therefore, customers will need to manage and migrate to the post-conversion material as soon as possible.

Milestone dates are estimates and subject to change based on business and operational conditions.
