Product Change Notification

Change Notification #: 112010 - 00
Change Title: DCP847SKE, Bulk Pack
DCCP847DYE, Boxed Pack
PCN 112010-00, Product Design
Updates to BIOS, PBA, and HDMI Connector
Date of Publication: January 22, 2013

Key Characteristics of the Change:

Product Design

Forecasted Key Milestones:

Date Customer Must be Ready to Receive Post-Conversion Material:	Feb 06, 2013
---	--------------

Description of Change to the Customer:

Intel will be making the following updates to the Next Unit of Computing Board DCP847SKE:

1. The BIOS will be updated from GKPPT10H.86A.0028 to GKPPT10H.86A.0036. To access the release notes or get a copy of the BIOS for evaluation, go to <http://downloadcenter.intel.com>.
2. A DC power connector and USB header will be added to the PBA.

Intel will be making the following updates to the Next Unit of Computing Kit DCCP847DYE:

1. The BIOS will be updated from GKPPT10H.86A.0027 to GKPPT10H.86A.0036. To access the release notes or get a copy of the BIOS for evaluation, go to <http://downloadcenter.intel.com>.
2. The HDMI connector will have a piece of conductive fabric added to enhance grounding connection with chassis.

Customer Impact of Change and Recommended Action:

It is recommended that customers evaluate the new BIOS to ensure a smooth transition. Intel validation of a new board revision does not include testing with older versions of BIOS. This change is not expected to cause a change to the Microsoft Windows* operating system's software driver stack.

These changes have been evaluated to ensure there is no quality, reliability, or functional implication to our customers. Intel is not recommending additional qualification of these changes on platforms received from Intel.

Intel will attempt to deplete pre-conversion material before shipping post-conversion material but there is a possibility of Intel shipping mixed inventory. Therefore, customers will need to manage and migrate to the post-conversion material as soon as possible.

Milestone dates are estimates and subject to change based on business and operational conditions.
