Change Title: Introducing Small Packaging Option
for Finished Goods Tray Shipments
PCN 113879-00, Transport Media

Date of Publication: June 22, 2015

Key Characteristics of the Change:

Transport Media

Forecasted Key Milestones:

Date Customer Must be Ready to Receive Post-Conversion Material:	July 22, 2015
---	---------------

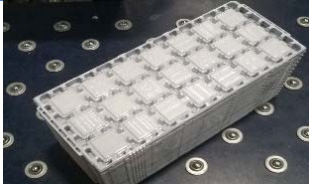

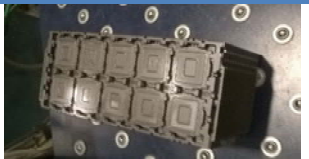

Description of Change to the Customer:

Intel will be introducing a small box option for shipping one full tray or less of product in one thick thermal formed tray (TFT) plus a cover tray. This will improve dimensional weight for delivery notices normally shipped in the Half Shipper/Intermediate box and reduce packaging materials at the destination. There will be additional trays qualified to utilize the small box option.

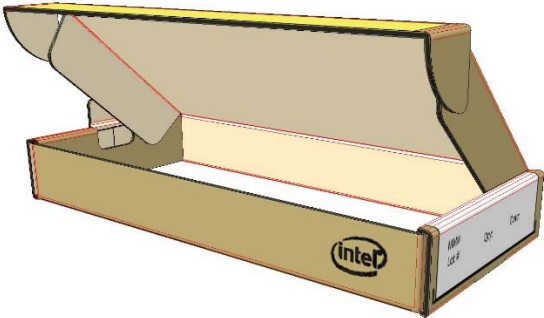

This small box will only be utilized for orders or partials containing ≤ 21 units for the 37.5 x 37.5mm product and ≤ 10 units for the 45 x 52.5mm product.

Please see “Present Value/New Value” and “Products Affected/Intel Ordering Codes” tables below.
