## Description of Change to the Customer:

The Intel 82547GI Gigabit Ethernet Controllers (Tray/T&R); GD82547GI/LU82547GI (Tanacross Leaded/Lead Free), will End of Life.

Intel will be discontinuing these controllers due to the natural decline in demand for these products.

## Customer Impact of Change and Recommended Action:

### Replacement Product Information:

No replacement SKU is available for the 82547GI (Tanacross) product lines. The 82547 can only connect to the Intel ICH-5, which has already announced an End of Life.

### Key Milestone Dates/Customer Instructions:

**Last Order Date (LOD) is 10/19/2012** giving customers 12 months to place Last Time Orders. Please determine your remaining demand for the affected products, and place your order(s) with Intel or your

authorized Intel distributor by 10/19/2012 (LOD). Intel will not guarantee current prices to any customer for orders placed after the LOD.

**Last Ship Date (LSD) is 4/19/2013** giving customers 18 months to receive product from the Oct 19th, 2011 PCN publication date.

**Non-Cancelable, Non-Returnable (NCNR) terms apply to all shipments after 10/19/2012.** Customers can change, cancel or modify their orders up until the LOD of 10/19/2012.

**Customers should review their legacy platform forecasts and requirements for these controllers,** provide Intel with an End of Life (EOL) forecast, and notify Intel of any changes ASAP during the 12 month Last Time Order EOL window of 10/19/2011 thru 10/19/2012. Although Intel has planned to cover all demand placed through Purchase Orders until the Last Order Date, component stock may be limited at times. Once the supply is exhausted (based on orders placed by the firm LOD), Intel reserves the right not to support orders.

**Intel may change the required MOQ (minimum order qty), order increment requirement, or qty of shipments to weekly or monthly buckets to streamline warehouse operations during the EOL period.** Intel reserves the right to limit quantity (even if forecasted or purchased on a Purchase Order) if unforeseen material, manufacturing, yield or other supply issues constrain supply at any time thru the EOL period.

**Technical Support Service Ends 4/19/2014.** No new features, no new OS support, no new silicon support and no bug fixes.
