

# Product Change Notification

**Change Notification #:** 114231 - 00  
**Change Title:** Intel® Ethernet Server Bypass Adapter  
X540-T2, retail unit (Twinville) MM#s:  
921443 and 921444

**PCN 114231-00, Label**

**Date of Publication:** **Regulatory Mark Change and Label Update**  
**December 16, 2015**

## Key Characteristics of the Change:

Label

## Forecasted Key Milestones:

<b>Date Customer Must be Ready to Receive Post-Conversion Material:</b>	Jan 08, 2016
---	--------------

## Description of Change to the Customer:

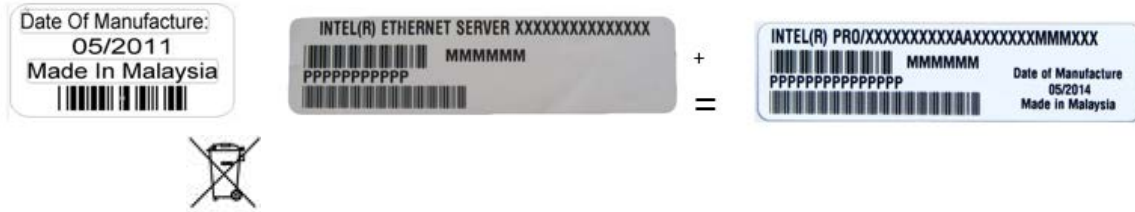

All products are undergoing the following updates:

1. Australia Regulatory Mark Change
  - The Australian Communications and Media Authority's (ACMA) labeling arrangements to reflect regulatory compliance changed on 1 March 2013, to be phased in over a three-year transition period. Products shipping March 1, 2016 need to be labeled with the "RCM" mark.
  - Per ACMA requirements, Intel will be changing the C-Tick regulatory mark on all products to the "RCM" mark.
  - Mark will be updated in two ways, depending on how the current C-Tick mark is already on products:
    - If C-Tick mark is currently on PCB silkscreen, Intel will apply a label with RCM mark to cover current mark.
    - If C-Tick mark is currently printed on a label, Intel will replace the mark so labels will be printed with new mark.
  - See for picture of "C-Tick" versus "RCM" mark

2. Where applicable this will affect OEMG and Retail NICs.  
Combining of KCC and/or Date of Manufacture label with the product ID label to minimize labels on the board. In addition we'll be taking the opportunity to:

- Remove Reg label KCC\_DOM
- Edit PID label Product ID
- To Include PID label Product ID + DOM

The WEEE label  maybe incorporated into the Intel branded PID.

### Customer Impact of Change and Recommended Action:

Intel anticipates no functional impact to customer but encourages customer to understand the changes. Customers can expect to receive mixed inventory until current inventory levels have been depleted. Please contact your local Intel Field Sales Rep if you have any further questions about these changes.

### Products Affected / Intel Ordering Codes:

A "Mission Critical Application" is any application in which failure of the Intel Product could result, directly or indirectly, in personal injury or death. SHOULD YOU PURCHASE OR USE INTEL'S PRODUCTS FOR ANY SUCH MISSION CRITICAL APPLICATION, YOU SHALL INDEMNIFY AND HOLD INTEL AND ITS SUBSIDIARIES, SUBCONTRACTORS AND AFFILIATES, AND THE DIRECTORS, OFFICERS, AND EMPLOYEES OF EACH, HARMLESS AGAINST ALL CLAIMS COSTS, DAMAGES, AND EXPENSES AND REASONABLE ATTORNEYS' FEES ARISING OUT OF, DIRECTLY OR INDIRECTLY, ANY CLAIM OF PRODUCT LIABILITY, PERSONAL INJURY, OR DEATH ARISING IN ANY WAY OUT OF SUCH MISSION CRITICAL APPLICATION, WHETHER OR NOT INTEL OR ITS SUBCONTRACTOR WAS NEGLIGENT IN THE DESIGN, MANUFACTURE, OR WARNING OF THE INTEL PRODUCT OR ANY OF ITS PARTS.

Intel may make changes to specifications and product descriptions at any time, without notice. Designers must not rely on the absence or characteristics of any features or instructions marked "reserved" or "undefined". Intel reserves these for future definition and shall have no responsibility whatsoever for conflicts or incompatibilities arising from future changes to them. The information here is subject to change without notice. Do not finalize a design with this information.

The products described in this document may contain design defects or errors known as errata which may cause the product to deviate from published specifications. Current characterized errata are available on request.

**Should you have any issues with the timeline or content of this change, please contact the Intel Representative(s) for your geographic location listed below. No response from customers will be deemed as acceptance of the change and the change will be implemented pursuant to the key milestones set forth in this attached PCN.**
