## Description of Change to the Customer:

### Cardboard Recycle Logo Label change:

Intel will remove the cardboard recycle Label from all shipping boxes and replace with a pre-printed version on the box. This will eliminate the need for extra labels to be placed on boxes at our manufacturing facilities. A picture of this recycle label is shown below.

**Clamshell change:**

Intel has optimized the clamshell to fit our PCIe networking adapters and to remove un-used features. The clamshells are manufactured with a denser material and will include the update Intel logo. As noted in the affected products table within this PCN notification the SouthBend PILA8470C3 and Stebbins II LF Retail Single PWLA8391GT do not require this clamshell change.

The TA (top assembly) number will roll as noted with the affected products table within this PCN notification.

**Customer Impact of Change and Recommended Action:**

Customers can expect to receive mixed inventory until current inventory levels are depleted.
