-------------------------------------------------------------------------	------------------

Description of Change to the Customer:

The Intel® NUC Kit SKUs listed in the products affected table below will have the following changes.

1. The BIOS will be updated from KYSKLI70.86A.0054 to KYSKLI70.86A.0058. To access the release notes or get a copy of the BIOS for evaluation, go to <http://downloadcenter.intel.com>.
2. Update system DMI info to "Intel(R) Client Systems", see below example.

Customer Impact of Change and Recommended Action:

It is recommended that customers evaluate this new BIOS to ensure a smooth transition. This change has been thoroughly evaluated to ensure that there are no quality or reliability implications to our customers. Intel validation of a new board revision does not include testing with older versions of BIOS. Milestone dates are estimates and subject to change based on business and operational conditions.

Customer can expect to receive mixed inventory until current inventory levels are depleted.

Please contact your local Intel Field Sales Rep if you have any further questions about these changes.
