

# Product Change Notification

**Change Notification #:** 119271-00

**Change Title:** Select Intel® Server System,  
PCN 119271-00, Product Design,  
BIOS/BMC/ME/FRUSDR Firmware Update in  
Factory

**Date of Publication:** September 22, 2022

## Key Characteristics of the Change:

Product Design

## Forecasted Key Milestones:

<b>Date Customer Must be Ready to Receive Post-Conversion Material*</b>	October 08, 2022
---	------------------

\* Intel appreciates the customer's desire to receive the latest revision of products. However, Intel manages inventory on a first in first out (FIFO) basis at the MM# level. Subsequently, customer requests for a specific revision of material (below the MM#) will not be supported by Intel.

## Description of Change to the Customer:

Intel is implementing the following changes to the Intel® Server Board listed in the “Products Affected” table below:

1. Update BIOS revision to R01.01.0005
2. Update Manageability Engine (ME) Firmware revision to 04.04.04.062
3. Update Baseboard Management Controller (BMC) revision to 2.88.e5f45b9c
4. Update CPLD Firmware revision to 3.5
5. Update the FRUSDR revision to 0.40

## Customer Impact of Change and Recommended Action:

Intel does not expect any other impact to customers from these changes but encourages customers to understand the change and determine the impact on their applications. For that reason, Intel recommends that the customer perform a standard level of evaluation.

Customers can download and evaluate the latest BIOS/ME/Integrated BMC and FRUSDR release notes for more information at <http://www.intel.com/support>.

## Products Affected/Intel Ordering Codes:

Marketing Name	Product Code	MM#	Pre Change TA	Post Change TA
Intel® Server System D50TNP1MHCPAC Compute Module , Single	D50TNP1MHCPAC	99A2DZ	M39437-003	M39437-004
Intel® Server System D50TNP2MHSVAC Management Module , Single	D50TNP2MHSVAC	99A2F1	M39440-003	M39440-004

### Notices & Disclaimers

No license (express or implied, by estoppel or otherwise) to any intellectual property rights is granted by this document.

Intel disclaims all express and implied warranties, including without limitation, the implied warranties of merchantability, fitness for a particular purpose, and non-infringement, as well as any warranty arising from course of performance, course of dealing, or usage in trade, except as provided in a separate written agreement.

You may not use or facilitate the use of this document in connection with any infringement or other legal analysis concerning Intel products described herein. You agree to grant Intel a non-exclusive, royalty-free license to any patent claim thereafter drafted which includes the subject matter disclosed herein.

The products described may contain design defects or errors known as errata which may cause the product to deviate from published specifications. Current characterized errata are available on request.

Statements in this document that refer to future plans or expectations are forward-looking statements. These statements are based on current expectations and involve many risks and uncertainties that could cause actual results to differ materially from those expressed or implied in such statements. For more information on the factors that could cause actual results to differ materially, see our most recent earnings release and SEC filings at [www.intc.com](http://www.intc.com).

Customer is responsible for safety of the overall system, including compliance with applicable safety-related requirements or standards.

Intel technologies may require enabled hardware, software or service activation.

No product or component can be absolutely secure.

Your costs and results may vary.
