Date of Publication: June 24, 2019

Key Characteristics of the Change:

Transport Media

Forecasted Key Milestones:

Date Customer Must be Ready to Receive Post-Conversion Material:	June 7, 2019
---	--------------

Description of Change to the Customer:

Reason for Revision: Updating the products impacted by this change

The Intel® 82599 series Ethernet controller SKUs listed in the products affected table below will undergo the following change:

Intel will now use only Half Intermediate Boxes to ship products. Intel will no longer ship products in Full Intermediate Boxes.

Customer Impact of Change and Recommended Action:

There is no change to the form, fit, or function of the product. Nor is there any action required from customers other than to be aware and familiar with the changes described in this Product Change Notification.

Intel will deplete older packaged material currently on shelves during the transition and customers should expect to see a mix of packaging options until older packaged material has been depleted.

Please contact your local Intel Field Sales Representative if you have any further questions about these changes.
